deploeg:

CLOVER 21

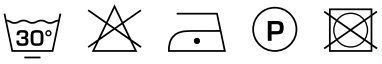
Description

A timeless, closed-weave curtain fabric with a square effect. The subtle sheen creates a trompe l'oeil in the fabric, giving it a playful and wavy appearance. The fabric is piece-dyed, meaning that the whole fabric is dyed. This generates an exciting two-tone shading and a versatile colour palette. Clover is room-high and made from 100% recycled yarns.

Specifications

Part ID	0105770021
Composition	100% recycled polyester
Width (cm)	300 cm
Weight (g/m1)	708 g/m1
Lightfasness (scale 1-8)	4
Certifications	OEKOTEX
Color variants	38
Shrinkage (%)	1%
Roman blind suitable	Yes

Washing instructions



Industrial washing instructions
