

## AKIN 08

### Description

A light, airy flame-retardant curtain fabric with the refined look of batiste. Akin is floor length and made from 100% pre-consumer recycled Trevira CS. This means that production waste is considered to be a valuable raw material for reuse and is processed into a yarn of the same high quality as the original product. By using our resources with care, we are doing our best to prevent the depletion of our reserves.
