deploeg:

DRIFT 11

Description

An inbetween curtain fabric with a soft drape, woven in a mix of rich materials with Tencel™-Lyocell taking centre stage. Lyocell is the sustainable alternative for viscose, a yarn made from wood pulp sourced from specially managed forests. A closed loop production process ensures that no chemicals are released. Drift has a lovely tactile structure with a multi-coloured look, and has a particularly soft feel.

Specifications

Part ID	0105200011
Composition	66% lyocell, 17% acrylic, 9% wool, 5% alpaca, 3% polyamide
Width (cm)	330 cm
Weight (g/m1)	347 g/m1
Lightfasness (scale 1-8)	4
Certifications	OEKOTEX
Color variants	12
Shrinkage (%)	2%
