COVE 00

Description

A blackout curtain fabric with a restrained, timeless appearance. The fabric provides complete blackout and, thanks to its flame-retardant properties, is suitable for various applications in both residential and public spaces. As this is a blackout fabric, the draping qualities are best expressed in a wave pleat. An additional advantage is that Cove is finished on both sides with the same refined woven texture, allowing the fabric to maintain a high-quality appearance on the reverse side as well.
